About Me

As a web development bootcamp student, I've gained valuable skills and a passion for creating user-friendly websites. Previously, I worked as a cashier in a hospital, where I developed strong organizational skills and thrived in a fast-paced environment. With a commitment to learning and a blend of customer service and technical expertise, I'm eager to contribute to collaborative web development projects.

Experience

October 2023- Present
Coding Dojo Africa

Web Development Bootcamp

As a Coding Dojo web development student i am mastering diverse programming languages and frameworks such as Python, React and Java. Equipped with hands-on experience in building practical web solutions, I've honed problem-solving skills and am well-prepared for a career as a proficient web developer.

2022-2023
Creative Space

Social Media Manager

Social Media Manager at Creative Space, adept in strategy, content creation, and community engagement. Skilled in maximizing online presence and facilitating effective digital communication for enhanced learning experiences.

2019-2022
Polyclinique El Hakim

Head Cachier

Hospital Cashier with expertise in managing financial transactions efficiently. Proficient in handling billing, payments, and maintaining accurate records. Dedicated to providing excellent customer service in a healthcare setting.
